GIANTY Inc.

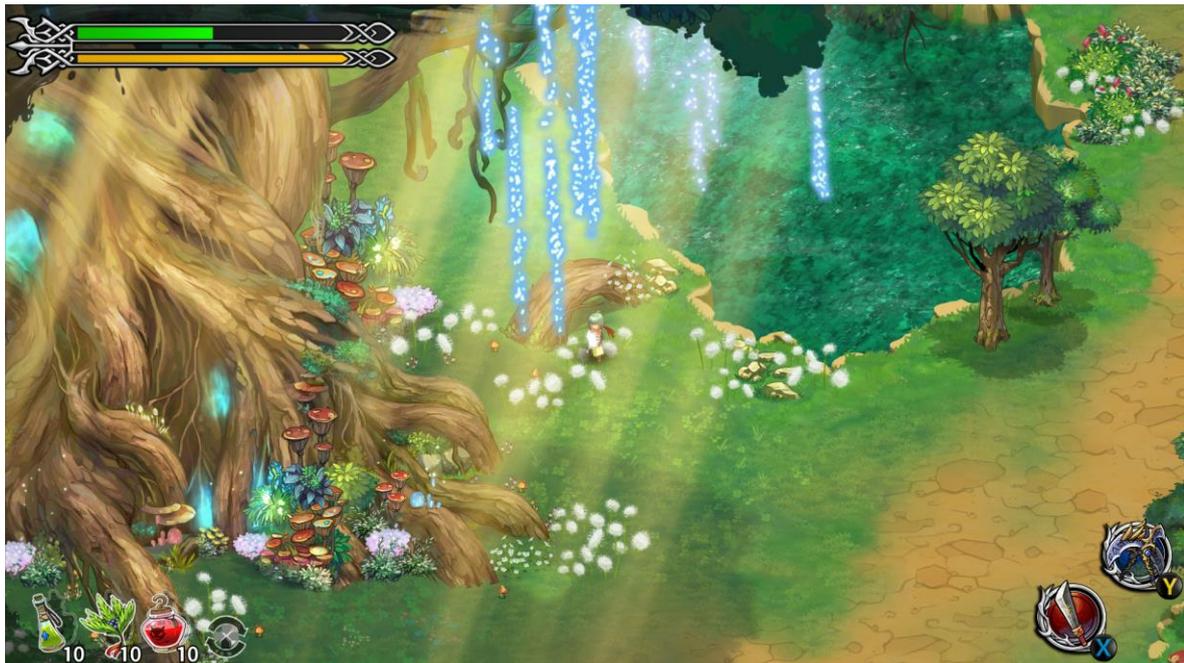

**After being in Early Access, GIANTY Inc. officially releases Japanese style ARPG “GOKEN” today. GOKEN will be on a 25% off sale to celebrate its release!**

GIANTY Inc. (Located in Shibuya, Tokyo Japan, CEO: HO TUNG LAM, referred as GIANTY), officially announced the release of GOKEN as of Sep. 29, 2017 on PC based platform, “Steam.”

“Action RPG.” A genre that defined adventure and represented the childhood of all gamers, revived, redefined, from Japan, on Steam. GOKEN will bring back everything that was right about gaming in an action packed open world environment and have the old school gamers tremble in nostalgia.

Starting as an Early Access title in July 28<sup>th</sup> of 2017, GOKEN made its way to its final product through closely listening to its community. Its official price would be at 19.99(USD), but GOKEN would be put on a 25% off sale at a price point of 14.99(USD) for a period of time to celebrate its official release. An additional soundtrack is also being prepared as downloadable content later down the road.

## -What is GOKEN?

### ➤ The Concept

Bringing back the RPG we played, once again.

### ➤ The Game System

#### 1. Japanese Action Role Playing Game

Action RPGs or “ARPGs” has always been a genre Japan excelled on.

A “simple but deep” gameplay is offered in as is with any other Japanese ARPG!

#### 2. Quarter View

“Quarter View” was adapted into GOKEN as reminiscence to traditional ARPGs, just to bring back the good old memories.

#### 3. Seamless Game Mechanics

Traveling between maps, events and entering battles,

are now seamless as can be with the integration of modern engineering

➤ Game Quality

1. Over 10 hours of gameplay

GOKEN has enough content that will last players at least 10 hours of gameplay just by playing through its main scenario. There are additional content, including but not limited to, an “infinite colosseum” mode, hidden dungeons and side quests for those players that couldn’t get enough through their play through of the story.

2. Gorgeously drawn 2D art

The fields, the dungeons, every little object you see are carefully drawn in 2D along with many effects and animations that are sure to surprise anyone who plays. Players will marvel at the beautiful locations and environments GOKEN has to offer!

3. A tactical approach to action through customizability

Players get to wield two of five different weapon types at the same to constantly adapt to quickly changing battle situations. All weapons are interchangeable any time to reflect each player’s play style. Additionally, GOKEN offers a unique “Tattoo” customization system to allow players to customize their hero and add another layer to the depth of the combat of GOKEN.
